

IUOE Local 800 Recognizes HHA Services as the ONLY Union Hospital Group in Wyoming

After 14 months of struggling to get an initial contract, this group is now in the middle of their first 2 year contract as members of IUOE Local 800. This struggle would have been impossible without the commitment to solidarity that this group displayed while fighting for respect and dignity in their workplace at Wyoming Medical Center in Casper. This groups' efforts demonstrates that even in an anti-union environment, solidarity is possible.

PIPELINE TRAINING

The Pipeline Training Schedule is posted on the Locals website: www.IUOE800.org under the documents tab.

ORGANIZE, ORGANIZE, ORGANIZE!!!

If you have checked any multi-media outlets, you have seen organizing actions by the least likely. Wal-Mart employees picketed and protested in 46 states on Black Friday. Many Fast food workers did the same across the nation on the following Thursday. What does this mean to us? It demonstrates that the next generation is ready for SOLIDARITY in the workplace. Let us never miss an opportunity to help a fellow working class employee in their struggle to become UNION.

I would like to wish everyone in I.U.O.E. Local 800 a Merry Christmas and a Happy New Year! Remember to **THINK SAFETY** on the jobsite and at home during this joyous holiday season.
